

Monitor da Pannello 18.5 Inch. FHD PCAP TF P/N: MNP28

Constantly evolving, our Touch Panel Monitors lines are designed to promptly respond to various industrial needs with expandable, versatile products with an increasingly accurate and compact design. They are designed for the classic Panel and / or Rear Panel mounting but having the VESA fixing they are often used also for Wall Mount applications (wall fixing) or Arm (fixing on arm / mechanical support). They are equipped with LCD displays from 7 inches up to 23.8 inches with Resistive or Capacitive Touch Screen, with IP65 protection on the Front.
